I am delighted to let you know that all staff and residents at Eunice Seddon have returned negative COVID-19 test results. The Public Health Unit has agreed we can end lockdown with some precautionary restrictions in place, which are outlined below.

This has been a magnificent effort by all our staff at Eunice Seddon and of course thank you to our residents, their supporters and Next of Kin who have been so cooperative and understanding; it was a fantastic team effort.

As mentioned above, at the request of the Public Health Unit, no visitors will be permitted to enter the Home until after 12th November (exceptions will be made for end of life visits).

We will continue to conduct enhanced screening and testing on residents and staff who are unwell. Some enhanced Personal Protective Equipment will be worn by all staff and surveillance testing will be conducted.

I would like to think that this is the end of COVID, but of course it isn't. We will continue to remain vigilant while caring for our residents, and supporting our staff. We're all in this together.

Thank you so much for your ongoing support.

Yours sincerely

Bryan Lipmann AM
